OORJA PROTONICS INSTALLS 24 METHANOL FUEL CELLS FOR POWERING PALLET JACKS AT EARP DISTRIBUTION'S WAREHOUSE**Another Leading Wholesaler Chooses Oorja Protonics Fuel Cells**

FREMONT, CA – January 18, 2011 – Today, Oorja Protonics announced that they have installed 24 OorjaPac Model III fuel cell systems towards a purchase order placed by EARP Distribution. Furthermore, the installation of 24 OorjaPac Model III fuel cells will fully convert EARP Distribution's entire pallet jack fleet. This decision comes as EARP evaluated various state-of-the-art options for battery charging for its material handling fleet and selected the OorjaPac after considering various benefits such as energy savings, productivity and green benefits. Earp Distribution, which is the sole wholesale provider of foods and goods to approximately 450 restaurants in the Midwest, plan to use the Methanol fuel cells in its Kansas City distribution center.

"We are pleased that Earp Distribution is using our fuel cells. Oorja is looking forward to continuing to build our relationship with Earp Distribution" said Sanjiv Malhotra, founder and CEO of Oorja Protonics. "Earp's leadership is showing that green solutions are good for business and the environment."

About Oorja Protonics

Founded in 2005, Oorja Protonics is the leader in providing reliable and economical liquid fuel cells for the material handling industry. By leveraging its breakthrough technologies, Oorja manufactures the most efficient and powerful portable liquid fuel cells that significantly reduce operating costs and green house gas emissions. The company is headquartered in Fremont, CA. For more information, visit www.oorjaprotonics.com.
