GOLDEN STATE FOODS PARTNERS WITH OORJA PROTONICS FOR ENHANCING THEIR SUSTAINABILITY EFFORTS

FREMONT, CA. - February 18, 2011 - Oorja Protonics, the industry leader in liquid based methanol fuel cells announced installation at Golden State Foods for 20 OorjaPac Model III units at their Lemont, Illinois facility. This installation will convert the entire fleet of class three pallet jacks at Golden State Foods' facility.

Golden State Foods had completed a trial of the OorjaPac and realized the great impact it had on their productivity and cost savings. Using the OorjaPac will eliminate all battery charging resulting in reduced energy costs, reduced emissions and enhance operational safety. By implementing the OorjaPac Golden State Foods continues its nearly two decade effort to promote sustainability and environmental responsibility.

"Oorja fits nicely into our efforts to continuously improve productivity within our distribution centers in a manner consistent with our ongoing sustainability efforts," says Bob Jorge, Senior Vice President and President of Golden State Foods' Distribution Group.

"We are very enthusiastic about our ongoing relationship with Golden State Foods and about the prospect of partnering with them in their sustainability efforts," said Sanjiv Malhotra, President and CEO of Oorja Protonics.

About Golden State Foods

Golden State Foods is one of the world's largest diversified suppliers to the Quick Service Restaurant industry. Headquartered in Irvine, Calif., the \$4.3 billion company is value-based with proven performance in superior quality, innovation and customer service. With approximately 4,000 employees worldwide, its core businesses include: full-line distribution to the Quick Service Restaurant industry, processing of liquid, meat, produce, and bakery products along with other services. The company also runs a national non-profit organization, the GSF Foundation for kids. For more information on Golden State Foods, visit: www.goldenstatefoods.com.

About Oorja Protonics
